NFT SERIES

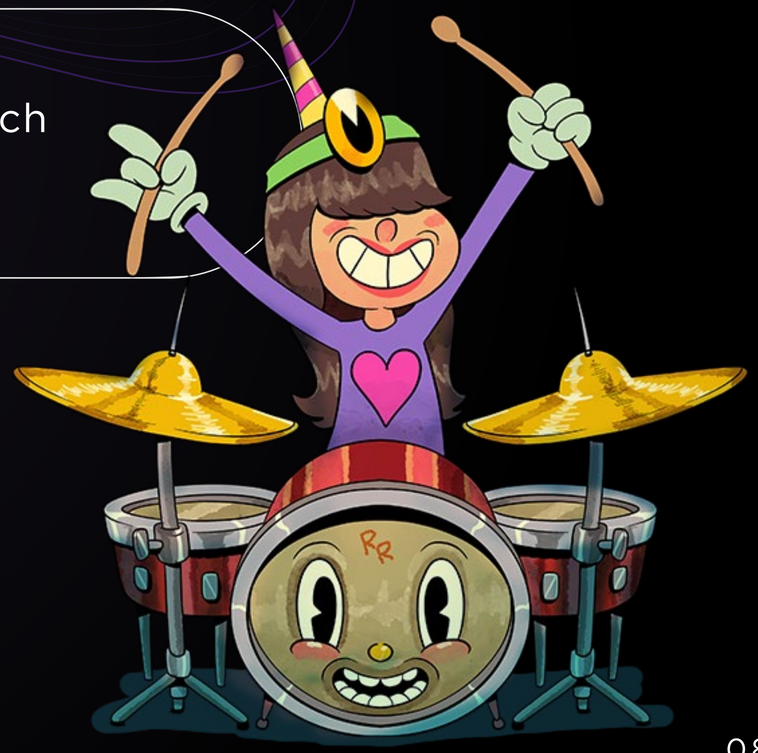
VI-AIN'S in alliance with NUTSO STUDIO is developing two proposals for animated audiovisual content that will not only address different themes but will also provide benefits to the entire community.

HELLZEL

An illustrative 1930's themed series that delves into mental health issues and exposes in a sarcastic and bizarre way what it was like to suffer from a mental disorder.

HELLZEL

A proposal that will give visibility and support these processes in alliance with different research institutes in this area and the development of a video game with this theme.



LUCKY

BAD LUCK CAN GIVE YOU GOOD STORIES

Lucky is a series that seeks to expose those "shits" that one commits when starting out in the world of entrepreneurship and investment, THE PYRAMID, THE LENDER, THE FRIEND WHO STEALS YOU, THE JOB OF YOUR DREAMS THAT IS NOT SO OF YOUR DREAMS, among others.

LUCKY

It seeks to be able to educate and give some bases and concepts about finances that we are not taught in school.

Collections with a unique value proposition that will benefit each of its **HOLDERS** investors, with an ecosystem full of benefits and royalties for them.

MEST METASTREAMING

Platform that will transform the way we consume audio-visual content.

Where the user can propose and choose what they really want to see.

MVP WEB 3.0
Membership in NFT

METAVERSE
Immersive audio-visual content that will allow you to live a different entertainment experience.

5D EXPERIENCE
You will not only be immersed visually, but also sensitively thanks to the haptic suits.

This project will be launched as an NFT **COLLECTION FOR EARLY ADOPTERS** who will be given

25% of all profits generated.

Additionally, it will have a fair remuneration plan for content creators and users.

DISRUPTIVE LAND

Disruptive land is an EXCLUSIVE COMMUNITY OF INVESTORS

who will have access to proposals for SUSTAINABLE, SOCIAL AND IMPACT business and industry projects of which they could be investors.

- FEEDING
- RENEWABLE ENERGY
- SUSTAINABLE HOUSING
- OTHERS

Each project is tokenized through NFT and the community has access to information, events and VIP spaces.
